Subject: Verizon Wireless requests a continuance to July 9, 2015 - 927 Old Shakopee Road

Jason,

In an effort to obtain the best revisions to our plan, and obtain the church's approval, we will need a little more time to come up with revisions to the proposed bell tower at 927 Old Shakopee Road.

We would like to request a continuance until your July 9th meeting. We should be able to have our revisions to you for review by then.

Please call with any additional questions or concerns.

Thanks,

Curt Walter
